OWN IT.<sup>TM</sup>

# WE STAY ON TOP OF OUR GAME SO YOU CAN STAY ON TOP OF YOURS

You know why we love you? Because you're just like us. You work hard all day long and only get to spend a few nights a week playing the sport you love. That's why when we're on the job, we're working our tails off to develop innovative, top-quality balls and accessories so you can dominate your opponents and enjoy being a part of this great game. We've heard your calls, we've read your emails and social media posts, and we thank you for being a loyal part of our team.

Whether it's drawing up a new core or testing out a new blend of coverstock, the men and women at Roto Grip are doing everything we can to help make you the best player you can be – day in and day out. The balls you see in the following pages are the result of our staff's hard work, sweat equity and pure passion for the sport.

Want to be the first to see our new products and accessories? Connect with us on our social media pages and visit our website.

## ***ROTOGRIP.COM***

Visit RotoGrip.com to see more details on each of our balls, and learn which balls are right for your style with the Roto Grip Star Search™ app. Also, be sure to register your new balls and bags and sign up to be the first to learn about Roto Grip news, promotions and alerts.

## ***ROTOGEAR.COM***

Look like a pro and show your opponents which brand you rely on to defeat them every night. A sampling of our men's and women's gear is showcased on pages 16-19. You can see the complete selection and purchase the gear you want at RotoGear.com.

We don't want to sound too cocky, but our social media game is top notch. Get online and follow us for a chance to win great Roto Grip gear and see our latest news, products and tournament info.

## **IT'S YOUR GAME. WE HELP YOU OWN IT.™**

Thanks for your loyalty to Roto Grip. We can't wait to help you obliterate your opponents this season.

-THE ROTO GRIP STAFF

## PLAY TO YOUR POTENTIAL THE ROTO GRIP RATINGS SYSTEM

### WE'VE MADE IT EASY FOR YOU TO OWN IT™

Some balls have the potential to hook a lot. Some balls tend to hook less. Some bowlers prefer to throw a lot of hook. Some bowlers like a less aggressive attack angle. That's why we developed the Roto Grip Hook Potential (HP) rating system. Now you can find the ball that's right for your game without all of the trial and error.

Balls in the HP4™ line have the most aggressive hook potential. That aggressiveness lessens as you move down to the less hooking HP1™ line. The HP system makes getting started in the game and building a complete arsenal effortless, so you can own your opponents on any lane condition.

### INGREDIENTS FOR LANE SUPERIORITY

We help give you the tools to overcome any lane condition. Our Guts, Grit and Grime™ ball rating scale uses a weighted formula for several different measured variables of the weight block and/or core (Guts), the coverstock (Grit) and the lane condition on which the ball achieves maximum performance (Grime). Looking at the Guts, Grit and Grime ratings will help you quickly compare balls in the Roto Grip family and understand which balls are right for your game.

We examine the radius of gyration for each core or weight block from a multitude of positions, including the shape and direction of the planes of the particular shape, the differential and more. **A higher Guts value means a more aggressive core or weight block shape, which produces more total ball motion.**

Creating a killer coverstock requires a lot of experience and a lot of chemistry. Our team has the process mastered. Each new coverstock is examined for oil displacement and pliability, and treated with some awesome color combinations. **A higher Grit value indicates more aggressive shell materials and a stronger coverstock.**

Each ball is assigned a letter, the Grime value, which indicates the amount of lane conditioner it is designed to handle. **Heavy (H), Medium-Heavy (MH), Medium (M), Medium-Light (ML) and Light (L) oil conditions.** You can always adjust the surface or layout of any Roto Grip ball to work across a variety of lane conditions.

	CIRCUMFERENCE OF BICEP	WRIST TO UPPER ARM
<b>SMALL</b>	8 - 11.5 INCHES	13-17 INCHES
<b>MEDIUM</b>	9 - 12.5 INCHES	14.5 - 19 INCHES
<b>LARGE</b>	10 - 13.5 INCHES	16 - 21 INCHES
<b>X-LARGE</b>	11 - 14.5 INCHES	17.5 - 23 INCHES
<b>2X-LARGE</b>	12-15.5 INCHES	19 - 25 INCHES
<b>3X-LARGE</b>	13 - 18 INCHES	20 - 27 INCHES

**MEASUREMENT TIPS**

- Bicep circumference is measured while your arm is relaxed. Do not flex while measuring.
- Length is taken from the wrist to the upper arm between bicep and armpit.
- Measurement may differ slightly when worn due to the nature of the spandex and polyester blend of the fabric.
- If you are between sizes we recommend going with the smaller size.

**LADIES' COMPRESSION SLEEVE**
